

Ephesians 2:10 For we are His workmanship, created in Christ Jesus for good works, which God prepared beforehand so that we would walk in them.

Our Ministry Services

Ministry services are conducted for larger groups or ministries (5 attendees minimum). These services can be provided either on site or via our web conferencing tools. In addition, we provide private consulting services and the following seminars.

- **BrushFires Seminar** – This is a two day event conducted for larger groups at your facility. We cover the **BrushFires** course materials and conduct one live **DDM**.
- **BrushFires Leadership Training Seminar** – This is a two half day event conducted for ministry leadership at your facility. We cover much of the **BrushFires Seminar** course materials, a detail design language review and conduct one live **DDM**. Giving leaders the ability to apply the language in the ministry.

Who We Are

About Us

The **BrushFires** program empowers leaders to guide the Believer to the good works they were created for. We do this by helping the Believer to discover their God Given Design and provide them a Personal Purpose Statement. The Leader is equipped through our training program and materials. This includes our proprietary design language that shortcuts the process of understanding design and purpose.

The BrushFires Story

My God Given **Personal Purpose Statement** is *"I must strategically lead a gifted team, by helping them to embrace the power of their God Given Design, which leads to long term positive results."* **BrushFires** was born when I asked myself, "If you really believe that's your Purpose Statement, then what are you going to do about it?" I sat down and began to pull together thoughts, quotes and ideas of what it should look like. My quiet time was a constant flow of memories of previous messages I had written, critical ideas I had held on to and numerous promptings by the Holy Spirit. I realized during this time, that The Father had been leading me to this ministry for decades. What else can I do, but what He leads me to do?

Why We Do this

I had no idea how much we would be blessed by pursuing the **BrushFires Ministry**. Time and time again we've seen God work through the **BrushFires Course** and their Design Discovery Meeting (**DDM**). For many people, and their families, this process has revealed for all to see who they really are. For the first time, they are truly seen as God designed them to be. One of the reasons we strongly encourage them to have a close friend or family member in attendance during the **DDM**, is to independently reassure them that is how they see them too. The **DDM** gives words and meaning to what their family and friends always knew about them, but could not adequately express. They are seen for who God created them to be and they are beautiful.

"I feel so blessed to have been able to attend BrushFires. I can never thank you enough for taking the time you do with so many people. Thank you for giving me the tools to have a closer relationship with people and God." Kim

We've had many opportunities to show Believers the hope that is within them by pursuing their design. Many tears, many thanks and true insight results from the **DDM** process. The **DDM** leaves all involved content they have been part of a real blessing.

How We Can Help

The **BrushFires** programs have the power to guide the Believer, by giving them a personal life choice compass. We call that compass your God Given **Personal Purpose Statement**. This compass can help guide you to the path The Father has for you. Following The Father's lead can solve many of the challenges we all face.

- **Reversing the 80 / 20 rule.** Every church struggles with this rule. 80% of the work / giving / service is done by 20% of the members.
- **Achieving Unity In The Body Of Christ.** This is something every church talks about, but always seems to elude them.
- **Building Up The Body Of Christ.** The Body Of Christ is not a metaphor. The Body Of Christ is The Father's Blueprint for His Church!
- **Team Building.** In building your ministry team, you need to know what positions you have and don't have.
